WIRE STRIKE CALLED OFF

(Continued From Page One)

CHICAGO, July 2.—The strike of telegraphers, which began June 11, was called off at noon today by R. J. Koenigkamp, president of the Commercial Telegraphers' Union of America. President Koenigkamp, who returned from Washington this morning, called off the strike after he had conferred with other officials of the members of the organization by President Koenigkamp read in part:

"When the present strike was declared against the telegraph companies under control of the wire administration, it was understood that it would be made an endurance contest. The strike was to be the final protest against the unfair and unjust treatment we have received since August 1912, at the hands of the wire administration.

"We realized that in order to make this protest effective, it would be necessary to make the strike sufficiently acute to compel action. This does not seem possible now, either through our efforts or the efforts of others we relied upon to help us."

DECISIONS AGAINST BREWERS

SAF. FRANCISCO, July 2.—Federal Judge William H. Harteis today, denied the application of the Heister Brewing Company, of San Francisco, for an injunction restraining the United States attorney from beginning criminal proceedings against the company for manufacturing after May 1, or selling after June 30, beer of 2.34 per cent or less alcoholic contents.

CHICAGO, July 2.—Illinois was made entirely dry today through the attorney general's interpretation of the "local option" law, despite the decision of Attorney General Palmer not to act against 2.34 per cent beer at present.

REFERENDUM PETITIONS CIRCULATED HERE

Referendum petitions on the Act (Amended Senate Bill No. 74) requiring confirmation by the Senate of appointments of the Governor to the Industrial Commission of Ohio, have been received and placed here in circulation. The movement to obtain a referendum on the bill has been endorsed by many prominent labor leaders of the state as well as Central Labor Council and various other labor organizations on the ground that if the bill, if allowed to become a law, would put the Workmen's Compensation Law into politics.

Wife Files Suit, Hubby Answers, Both Want to Be Divorced.

During that her husband got drunk every day since she married him nearly a year ago and that he made various assaults on her Monday last, beating her so severely that it was necessary to call a physician to attend her, Elizabeth Wells is seeking a divorce and alimony in an action filed in Common Pleas court today.

through F. W. Moulton against James Franklin Wells, New Boston steelworker.

In her petition the wife further charges Wells with neglecting to provide her even with the ordinary necessities of life and she alleges that he has threatened to drive her from her home, on which he refuses to pay the taxes, she says.

The wife secured an injunction restraining the defendant from coming about her home or molesting her in any manner.

Wells, in an answer and cross-petition filed today, through Attorney George W. Sheppard makes some counter charges against the plaintiff and asks that he be given the divorce.

Wells alleges that she called him vile names, abused and humiliated him and that she is in the habit of getting drunk, he says.

On one occasion she was arrested at the Lanesville fair, he claims, for intoxication and that he was compelled to pay her fine. He also asserts that the wife associates with questionable characters and entertains them at their home despite his objections. He secured an injunction enjoining the wife from disposing of their household goods.

"Shorty" Weidner Host at Fish Fry

A number of county officials, including Clerk John Hall, Deputy Auditor Roy Coburn, Surveyor John Harper, Commissioner John Bennett and others were guests of Supt. W. W. Weidner, of the county infirmary, at a fish fry at the country farm today noon.

"Shorty" claims he caught the fish himself, taking a 25 pound "cat" from the Ohio river this morning and he at once arranged to entertain some of his friends in order to "take care" of the monster fish. From all reports they all made good.

Dingess Held To Grand Jury

Walker Dingess, Lanesville young man, who was arrested last night, following a row with Sherman Richards, a former near that village, during which he is alleged to have made a gun play, was bound over to the grand jury under \$500 bond on a charge of gun-toting by Judge Byron today. The complaint was filed by Richards.

The defendant was remanded to jail in default of bond.

Weeks Wants a Divorce

Charging that his wife abandoned him last February for another man named Hicks, Samuel Weeks, hostler, 2322 Eighth street, is seeking a divorce in a suit filed in common pleas court today against Bessie Weeks, whom he married at Coal Grove on May 31, 1906.

In his petition Weeks alleges that

the defendant is now lying at Corington, Ky., with Hicks and that the pair were recently arrested by the authorities there on a statutory charge and heavily fined. He sued through Attorney T. C. Beatty.

Files Answer

An answer amounting to a general denial was filed today by Attorney T. C. Beatty in behalf of the defendant in the case of William Hancey against Martin Hollar, a suit growing out of a dispute over a commission claimed by the plaintiff for the sale of real estate. Attorneys Dickey & Crawford represent the plaintiff.

The Ideal Tire & Rubber Company is offering to investors, for a limited time only, the opportunity of subscribing for its 7 per cent Preferred Stock, also its Common Stock, both at \$10 per share par value.

The Rapid Growth of the Company
This company is establishing probably the greatest record ever made by any tire manufacturing company in the first year of its production. It is due to its plan, immediately to construct additional buildings and purchase further equipment in order to increase its production and be able to fill promptly the tremendous volume of orders we are receiving.

Location and Description of Our Plant

Our property, situated in Cleveland, on Warner Road, comprises sixty acres and affords ample ground for additional development. We have direct switching connections with Cleveland's famous Belt Line System, ensuring fast shipments over all lines leaving this great industrial center. Our present buildings are of the most modern concrete construction, designed by the best engineering skill in the country, and enable us to produce our tires and tubes with the greatest possible efficiency.

So great has been the demand for our tires and tubes that despite our ever-increasing production, and the fact that we are working day and night, we are still thousands of tires behind on orders. The new buildings and equipment for which this additional capital will be used will enable us to at least double our present output, and promptly fill the orders which we can now accept only for future shipment.

A long period of years their ability to successfully manufacture and market tires. Their ability to do this is evidenced by the tremendous success of this company, even in the first year of its operation.

In 1918, there were 2,700,000 automobiles in use in this country. In 1917, 2,341,662; in 1916, 2,018,728. This year it is estimated that there will be 3,000,000 cars in use. The demand for tires has never been so great as it is today. Added to this ever-increasing demand for tires and tubes, there is the export field which is now opening up to the tire industry—a wonderful market to say nothing of the additional markets available through the manufacture of guest pneumatic tires, cord tires and other similar new made of production.

The Ideal Tire & Rubber Company is planning to secure its full share of this great volume of business. We have long since passed through the speculative stage. We are now producing tires and tubes at a very satisfactory profit, and our production is becoming so large that this profit amounts to a very attractive sum each year. We are now in a position to invest in any company in which it is all right, and the securities can be bought at bottom prices. Our increase in capitalization opens the opportunity to you to secure a share of the profits which we are now making, and the still greater profits which we will make in the coming years.

Further information on the business importance of the rubber industry, also complete information on the plans and profits of this company may be obtained by writing to this coupon. You should act immediately if you wish to be sure of securing an interest in this growing tire manufacturing company.

I am interested in considering an investment in your securities.

AMID SQUALID SURROUNDINGS AND ALMOST FRIENDLESS COLORED MAN DIES IN A BARN

Richard Sewell, 28 years of age, colored, died early this morning of tuberculosis in the left of a barn on John street, near Eleventh after weeks

of suffering with the dread disease. He was penniless and almost friendless and had lived in his barn-home since April amid the worst of surroundings.

Neighbors and the Bureau of Community Service with the aid of Dr. E. W. Hubert did all they could to save the life of Sewell. Mrs. Mary F. Hogan, 1025 Eleventh street, one of the neighbors who had taken the lead in caring for the helpless victim, found him dead this morning at 6:45. At 5:30 neighbors heard Sewell calling for help and L. Hogan went to his aid. He found him on the floor helpless. Sewell had been placed with him in bed. A short time later he died. A man who had been placed with the sick man Monday by the county left his bedside about two hours before he passed away.

Mrs. Hogan's attention was called to the man over two weeks ago when she found him in front of the barn craving something to eat. Since, she had provided him with much food and secured

the aid of Dr. Hubert. Mrs. Hogan says she notified various county officials two or three times and received the reply that they would see about getting the man in the County Infirmary or a state institution. She also called the Bureau of Community Service who rendered splendid service to the man. The Bureau tried to get him admitted to some institution.

Human Officer Harry Hall was also called to see the man and he carried the matter to the county officials. The large loft contained an old bed broken down chair and an orange box used as a stand on which a bottle of medicine and water were placed. The man could not be admitted to local hospital with tuberculosis and as the Chillicothe hospital was filled, steps were taken to have the man admitted into the Columbus institution. He died while these arrangements were being made.

Coverer J. D. Hendrickson ordered Undertaker Al Windel to take charge of the body this morning.

\$10,000 Blaze At Logan

Local traveling man and word-fixer Logan, W. Va., that the city was visited by a disastrous fire last night. The loss is estimated at \$10,000 partially covered by insurance.

Buildings occupied by the Hub Clothing company, the Stutz grocery store and butcher shop and the Brown poor room and soft drink stand, were badly damaged by the blaze.

Defective electric wiring is believed responsible.

State Examiner Here

Aaron Mool, state examiner of the Bureau of Inspection of Public Offices arrived in the city today to start an inspection of the city water works and other public utilities' accounts. Mr. Mool conducted a similar examination and inspection here four years ago.

Goes With Shepherd

J. C. Covey, undertaker with J. R. Morton, Fullerton, for three years, has engaged in business with J. R. Shepherd, general storekeeper of Fullerton, who has added a complete line of undertaking and funeral equipment.

Watching For Sen

Fitzhugh Lee, of Sixth street, is watching the trains from the East to see if his son, Sergeant Val Lee, passes through here enroute to Camp Sherman. Sergeant Lee arrived in New York last week. Relatives there called on him and sent word here that he is the picture of good health and expected to be home in a few days.

Bad Issue Carries

Waverly voted on a \$7,500 bond issue Tuesday, and it carried 100 to 11.

A deficiency existed in the operating expenses of that city, from the fact that a new light plant is being installed and two streets were paved.

Right Leg Ground Off

Fred Rice, 34, in attempting to jump on a C. and O. freight near Ashland last night missed the step on one of the cars and fell beneath the wheels of the train. His right leg was ground off just above the knee.

Boy Seriously Hurt When Run Down By Automobile

Thomas Hill, 17 year old son of Mr. and Mrs. George W. Hill, 1820 Baird avenue, will long remember his seventeenth birthday anniversary which was yesterday when he was seriously injured when struck by a Maxwell touring car driven by Robert McNeal of Rosemont Road.

The accident happened at Grant street and Grandview avenue about four o'clock Tuesday afternoon. The boy was riding a bicycle when struck by the machine. His injuries about the head were so serious that he was removed to Hempstead hospital where

Dr. A. L. Test attended him. The boy was riding on Grant street near Grandview when he was hit by the automobile. According to McNeal who was driving the machine, the boy turned directly in front of his car and the accident could not have been avoided. The bicycle was smashed at the rider thrown on top of the hood of the machine. He was carried in Henry Anderson's pharmacy where hurried examination was made of his injuries. Later Mr. McNeal took the boy to Hempstead hospital.

WOMEN'S AND MISSES' SUITS, COATS, CAPES AND DOLMANS
PRICED AT 1-3 OFF FOR QUICK CLEARANCE

It is a surprise to women who thought that there would not be any radical reductions until later in the month, but Marting's believe in doing things, and doing them on time. Nearly every style, every fabric, every shade that has been admired and readmired this season will be found here and at prices which are far below their regular worth. Women who have neglected thus far to buy a new suit for summer can buy now and not only save, but have a suit which is good for fall wear.

Clearance of Suits and Coats

Every suit and coat we have in the house goes into this event; not a one is held back. Every one is very sumptuously styled and splendidly made, and incorporates every other good essential that contributes to the formation of high class apparel. The like of them we have not offered heretofore at these reductions.

Unheard of Savings in Dolmans

Unheard of in the sense that savings are enormous, have not often been brought to your attention especially around this early period of the season. Discrimination and superior taste are evinced in the styles and colorings displayed. The woman who demands individuality in her costume will be delighted with the assortments we tender for choice.

Women's New Capes and Wraps

This is a sale of exceptionally fine garments. Most of the styles offered will be found in individual models. They include tricotine, men's wear, serge, Polart (will, plain and with combinations of satin and tricotine, satin capes and sport models in velour checks. Coats in dolman shape in spring and summer weight materials. Many new fashions in tricotine and paulette too.

First Christian Bible School
Enters Into The S. S. Contest

The First Christian church has undertaken a plan which it is hoped will be a large measure prevent the usual summer attendance slump. The school has entered the country-wide "Look-out" contest, originated by the "Look-out" the official Bible School paper of the Disciples of Christ. The paper has offered \$25 in gold to the school that will maintain 80 per cent of its average attendance for the first five months of 1919 during the months of July, August and September, and which furnishes the best 2000 word article telling of the best plans and most unique schemes used in the contest. The local school will have to maintain an average of at least 75 per cent during the life of the contest, which starts next Sunday. One of the plans decided upon is to have a surprise letter from some notable each Sunday. This letter will be read to the school each Lord's Day. The first letter is now in the hands of Rev. Oakley and is from a former member of the school now living in a distant city. It is a real letter from a real fellow and will not be published, either in the Messenger, the church paper, nor in the Holy Bible. You will have to be present to hear the letter read.

The local school has entered enthusiastically into the contest, that nothing to the fact that many of the members may take advantage of the opportunity presented by the contest period that will come this week ending Saturday night, to close for the Fourth and remaining closed until Monday. It is known that those who remain here to get their share of the contest, and the school will be open next Sunday. If the average attendance is maintained during the contest, the school will be offered a \$25 prize. Daily gifts will be given for each month and at the end of the school is a reward of some fifty dollars during the hot summer months. All members of the church are asked to do their part. What will be done with the \$25 remains to be seen, but it is quite likely the little the grown ups will look on and see the folks will receive the benefit of it while the kids enjoy the fruits of the money.

Krause's Greater Shows
Pleasing Big Audiences
 Krause's Greater Shows which opened a week's carnival engagement in York Park Monday evening under the auspices of Central Labor Council enjoyed splendid business Tuesday night, the crowd surpassing the one on the opening night, Monday.

Everyone of the high class attractions enjoyed a good business. The carnival has three riding devices, the Whip and the Snakes being two of the latest. The carnival will be in York Park one week, closing Saturday night. The Indian band, the circus, side show and the Dixie Jazz minstrel are making big hits with all who attend the carnival.

Health Board Takes Steps To Build New Incineration Plant, Labold On Warpath

Member Dan Labold added a little more to the board of health meeting yesterday afternoon by giving Mayor Kays a running for his apparent lack of sympathy toward the enforcement of the rules and regulations governing the dumping and covering recently adopted by the board.

It was during a discussion of the disposal of down spout roof water brought up by Plumbing Inspector W. W. Watsons that Member Labold criticized the chief executive. After asserting heatedly that he was getting tired of having such matters brought up at board meetings when they should be disposed of by the proper officials, Mr. Labold declared with some emphasis that the rules ought to be enforced regardless of the idea of the Mayor and advised Watsons to start proceedings before other magistrates. The rule regarding the disposal of spout water provides that if there is a cover the property owner must lap and if there is no sewer he must drain the water into the street.

Member James Little presided in the absence of Mayor Kays.

A petition signed by Frank A. Puckett and other citizens of Fairtown complaining of hog pens in the vicin-

ity of their homes was read and the clerk was ordered to notify owners of the alleged obnoxious pens to move them.

The clerk was instructed to arrange for a meeting soon with the finance and street committees of council to discuss plans for the installation of an incineration plant. H. B. Abel, representative of a company manufacturing incinerators was present and addressed the board.

A number of resolutions were adopted relative various persons before the board and show cause why they have refused to obey orders of the officials to abate obnoxious nuisances.

A motion was passed recommending to council that the salary of the plumbing inspector be fixed at \$150 a month starting July 1, and the scheduled amount to \$175.25 was allowed.

Health Officer Dr. W. W. Smith reported 2 cases of contagious diseases for June which included five cases of diphtheria; 2 cases gonorrhea and 2 cases scarlet fever. The following cases of non-quarantinable diseases were reported, chickenpox 1; typhoid fever 1; pulmonary tuberculosis 3; trachoma 2.

Plumbing Inspector Watsons reported collections for June of \$1,222.75 of which \$1,065 was received for licenses and \$157.75 for permits.

James's Grocery will be open all day Thursday.

POLICE NEWS

Verdon Riley and Clifford Dixon were in police court this morning to answer charges of disorderly conduct in connection with a disturbance at Zulueta's poolroom, Gallia street, Saturday night.

Riley was found guilty and Mayor Kays fined him \$10 and Dixon \$5. Both boys are now in jail on account of their inability to pay up.

Lizzie Hoops filed a charge of disorderly conduct against her neighbor, Mrs. Kirby Rount. After the evidence was adduced Mayor Kays dismissed the case. Mrs. Hoops claimed that Mrs. Rount abused her and called her vile names.

Goes To See Fight

J. H. Hensley, who is connected with Kays's Greater Shows, which are in York Park for the week, left today for Toledo. He is interested in the concession privilege at the Willard-Dempsey fight.

To Take Pasteur Treatment

Frank Sodaro, insurance agent who was bitten on the hand by his pet dog Saturday afternoon will start taking the Pasteur treatment this afternoon. Dr. George Martin will administer the treatment. The serum arrived this morning.

Sodaro was called to his John street home Saturday when the dog started acting strangely. He took it to Dr. Joseph Gill and on his return home he attempted to give the animal medicine and it bit him.

He immediately had the dog killed and the head sent to Columbus. The report came back that the dog was suffering with rabies. Sodaro is feeling no ill effects from the bite.

Bootleggers At Work

The police have received tips that bootleggers are quite active in their operations about the street fair grounds at York Park, and orders went out to the officers today to nab all persons caught dispensing the banned fluid.

The offenders, if caught, will be turned over to the federal authorities for prosecution under the Reed Act, and, it is said, the first ones picked up will be vigorously dealt with as an example.

Plan To Improve Roads

County Engineer John Harper met Tuesday afternoon with the advisory committee and the survey committee of the Bloom Township and South Webster. The advisory committee is composed of J. H. Cadot, A. C. Pyles, Jacob Reuber, Willard W. L. Mashburner, Harry Poelker, S. G. Hoffman and John Cohn. Charles Hoffmann is chairman and E. A. McIntosh is secretary.

PORTSMOUTH, OHIO

Mrs. L. G. Beckelmeier and son Roy, of Canton, arrived last evening for an indefinite visit with her parents, Mr. and Mrs. Charles Best, of Washington street.

About thirty-five members of the Loyal Berean class met at the home of Mr. and Mrs. Charles A. Browning, 1338 Tenth street, Tuesday evening, for a monthly class session. At the conclusion of the business session, provided over by the president of the class, Mrs. Nelle Marlow, ice cream and home-made cake were served, to which all did ample justice. Several visitors were guests of the evening, which passed away all too quickly. The session was one of the most enjoyable in the history of the class, which has planned to do a big work during the summer months.

Mr. and Mrs. Philip S. Wickham of Second street left today to attend the Centenary in Columbus for a short time, after which Mrs. Wickham will go on to Boston, Mass., to study harmony with Benjamin Whelpley, expecting to return home in September to resume her instructing in piano work by the Fletcher Music Method. Mrs. Wickham is the only instructor by this method in the city, and has met with splendid results.

Mr. and Mrs. T. J. Druggan, of Cincinnati, are guests of the former's parents, Mr. and Mrs. W. J. Druggan, of Eleventh street, over the week-end.

Miss Constance Leet, of Athens, arrived today for a visit with her father, Phelps Leet, at the home of Mrs. George Small and Miss Louise Small of Sixth street.

Mr. and Mrs. Fred Warner, of McConnell avenue, and Mr. and Mrs. F. C. Meeks, of High street, will leave Thursday on a motor trip to Columbus, Toledo and other points in Ohio. They will be away two weeks.

Mr. and Mrs. Norman Baker and Dr. and Mrs. John Polson, of Washington, D. C., who have been visiting with relatives here, have gone home accompanied by Mr. and Mrs. Robert Baker, Mrs. Carrie Polson and Miss Anna Cramer, all going to Pittsburgh, Pa., to be guests at a house-party at the home of Mr. and Mrs. W. A. Bowman (Abigail Polson).

The West Portsmouth W. C. T. U. will meet Thursday afternoon, at 2 o'clock, at Zala Mission.

The shady banks of Pine Creek near Wheeler's Mills afforded an ideal spot for the jolly crowd of young people who motored there recently. Luncheon served a la picnic fashion was enjoyed by the following: Mr. and Mrs. Stanley Matlock, Mr. and Mrs. Grover Kinley, Richard Prince, Chester Richmond, Harry Miller, Clifford Fritz, William Hartshorn, Howard Davis, McKinley Sauer, Misses Margaret Hartshorn, Georgia Jones, Edna and Georgia Jacobs, Hazel Fritz, Hazel Dressler, Gladys Koger, Jennie Dodge, Lillian and Nellie Smith, Rowena Welch, Leona Kemp, Imogene and Gaylen Kinley.

Mr. and Mrs. Howard York are settled in their new home at 1619 Fifth street, recently vacated by Mrs. Jessie M. Bolice, who has gone to Marietta to reside.

Mr. and Mrs. Albert Redouty, of 101 Second street, and Miss Anna Cassidy are spending the summer at their country home at Mt. Lorella, near Wheelersburg.

Assured Grace

The clever new Rengo Belt Reducing Corsets for this Springtime assure the stout woman of a grace, a correctness of silhouette that will be a joy to herself and her dressmaker, and a winning miracle to her friends!

Rengo Belt Reducing Corset

Improves the stout figure not only in appearance, but actually straightens out the abdominal lines, reducing excess flesh and hastens by a gradual, gentle process. They train the figure into permanent habits of grace and slenderness. Famous for their shape-retaining quality.

THE GENERAL SERVICE CO.
829 Gallia Street

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etc., etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Miss Dolly Wise—I have corresponded with a soldier boy for over a year and in the meantime I met another man. Is it proper for me to tell each one of the other? The second one has a ring which another girl gave him, and he has told me he would never part with it. Would that interfere with his love for me? Wouldn't it be better if I gave the ring back to the girl, if I objected to his wearing it, or if I became engaged to him? He always goes out to enjoy himself, but never takes me any place. Shall I keep friendship with him? I think I would learn to love him in time. Both of the men have told me they loved me. If you regard either of the men seriously, it is better to be frank about your friendship with the other. If you do not, it does not matter. It would show that he still cherishes the memory of the other; but men's affections are so elastic, that he probably could love you at the same time. Yes, I think if he becomes engaged to you, he should return the other girl's ring. He must be rather a selfish person, or else he doesn't care as much for you as he pretends; otherwise he would certainly want to take you with him, when he goes out for a good time. But if it is a case of your "learning" to love him, I advise you not to try too hard. If love does not come naturally and spontaneously, it is not worth much, and certainly does not go very deep. Maybe it is your about soldier boy whom you really love, and this other has just fascinated you temporarily.

WOMEN EVERYWHERE

Praise Lydia E. Pinkham's Vegetable Compound as the Greatest Remedy for Woman's Ills.

New Haven, Conn.—"For two years I suffered with a female weakness, pains in my back and painful periods, and I was so weak and thin that I was not able to do my work. A friend told me of Lydia E. Pinkham's Vegetable Compound and it gave me great relief. My pains left me and I am now able to do my work and feel fine. You can publish my testimonial and your Vegetable Compound does others as much good as it has me. I will be very much pleased."—Mrs. CHARLES E. MORRIS, 87 Sea Street, New Haven, Conn.

The reason Lydia E. Pinkham's Vegetable Compound is so successful is because it contains the curative strengthening properties of good old-fashioned roots and herbs, which act directly on the female organism.

There are women everywhere who long for children in their homes yet deny this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 43 years' experience is at your service.

Sunday morning the Sovereigns assembled in Spruce Pine Forest, marched to the church under the direction of the Master of Ceremonies, James Moore, attended the Sabbath School and at its close listened with rapt attention to the eloquent memorial address of Rev. Bush. After a bountiful picnic dinner in the old orchard where the short cropped grass and charmed limbs of the old apple trees made a ideal setting the Sovereigns repaired to the cemetery where the beautiful memorial service of the W. O. W. was impressively rendered. Too much praise can not be given Capt. John Taylor and his men for their untiring zeal and energy in putting on the work during four full iterations. Upon their return trip every body was in open praise for their kindness and hospitality of the people of Fire Brick and voiced a wish to return the first opportunity.

Landing on the offerings of Mr. Spencer before he could get his car-turkey adjusted or his hawk plucked properly, the Solvay players, easily handed the newly-clubbed Selby team a thrashing at the Seventh street grounds Tuesday evening, the battle resulting 8 to 2, and the outcome never once in doubt. While the Solvay team won by hitting, much credit for the victory is due their south-paw hurler, Mr. Baughman, who always held the whip hand and cracked it pretty much as he pleased. The Solvay team was recruited to its fullest strength by the addition of two star players, Valodin and Cooper, third and second sackers, respectively, giving them one of the strongest infelds in the league. Mr. Shoemaker, also a new face, was in center, but he did not make so favorable an impression, striking out a couple of times. This may be due to the fact that he is not used to so large an audience, and when he becomes accustomed to his surroundings may be an 18 karat ball player.

Valodin was not exactly the whole works, but he was a most valuable asset. Not only did he field perfectly, but he hit right and scored 3 runs, one more than batted by the entire Selby outfit. A great crowd was out, and while sentiment seemed to favor the shoe-workers, nevertheless the Solvay boys did not care a tinker's darn for the shouting fringe of humanity. They were out to win, and win as quickly as possible, and they did that very thing right off the reel, when they slugged Spencer for who put salt in the sugar. In fact before the contest was five minutes old the fellows from up the pike had a hot hook planted deep in the new "unions" of the Selby boys and kept hold of said hook until their game was landed high and dry. Spencer got better as the game grew apace, and this evidently concurs in the opinion of fandom, that it takes some work to get him "hot" up to the pitching point. Hereafter Manager Brecken is going to allow him to go to the park shortly after 15 runs and either dig ditches or chuck the oval around. When the big fellow gets his machinery oiled up, there is no team in the league that has any chance to whittle him.

Mr. Baughman—ten in one he's called bred—took things pretty easy. He needed no insurance policy to protect the big lead his team gave him at the get-away. He had supreme confidence in his ability and faith in his backers and twirled a very effective game. With Meyers in left and Rollins in right, he knew the S. O. S. would be answered quickly if he displayed the signal. Being of a very genial nature and a player of keen intelligence, he preferred to do the task assigned him by Captain Delamater, and therefore he delivered the goods all done up in a neat package and tied with twine.

After quickly disposing of the Selby boys in the first half, the Solvay got busy with a capital B. Valodin led off with a rod buster to middle and Cooper fisted the infeld by playing the hit and run and delivered a double to middle. James tied afar to left, Valodin easily scoring after the catch. Meyers singled to right, Cooper riding home. Rollins lifted to Schweinsberg, who dropped the apple. Delamater, who hits his best to a pinch, doubled to center. Cooper and Meyers scoring. Frizzell was cool for a long fly to right, Delamater, who had singled third, scoring. Shoemaker then fanned. The Solvay added two in the second. Baughman led off with a hit. Valodin poled a long fly to left. Cooper was hit by a pitched ball. James doubled to middle, Baughman lugging-riding home, but Cooper being nailed on the relay, Meyers was safe on Brecken's error. Rollins clipped a single to left, James scoring. Delamater fouled to middle-larger.

Valodin walked in the fourth, stole second and scored on a couple of outs. He also made a run in the sixth when he led off with a double to middle. He took third on a passed ball and scored on Cooper's sacrifice fly to Kearns, whose throw home, while perfect, was a fraction too late.

The Selby broke the ice in the fourth, when after two were out, Spencer belted a beauty to right. Frizzell muffed up Schweinsberg's roller. Meyers dropped Collis' short fly and Spencer scored.

Selby sort of revived hope in the sixth, but it soon withered. Kearns was hit by a pitched ball and Spencer singled hard to right, Kearns taking third. Schweinsberg singled to second, Kearns scoring. Schweinsberg was pegged out stealing—and he ought to be, with his team 8 runs behind. Then the next two batters flied out. The score:

NOT ALTOGETHER BAD

THE signing of the peace treaty by Germany makes a better showing for her than she displayed during the period elapsed since the war.

It is true all deplore the terms as harsh and the newspapers appear in mourning colors, but among the latter and among the leaders there is a considerable number who bravely insist the honorable and best course is to honestly accept and endeavor to keep the treaty, and to go to work to build Germany up.

In this good counsel we have the key to the deplorable condition of the country since the armistice. There hasn't been enough work. Not that there wasn't work to do, but plotting and counterplotting have been so busily carried on that provoking disorder on one hand and trying to quell it on the other was the chief and only absorbing industry. Inevitably, after such a catclysm as was experienced there would ensue disturbances of various sorts and especially in a land governed as that was, where autocracy in its most inevolent form was supreme and inordinate, exacting a show of reverence in the minutest details, but the German revolution has an air of being professional and theoretical to such an extent that they appeared both ridiculous and contemptible. In this connection we must remember too that the government change is rather of form than of substance. An alleged republic takes the place of an altogether definite monarch, but there has been little inward change. The classes, all except the kaisers and the kings, remain just as they were and the laws and the rules are exactly as they were. Authority and power are mostly of assumption. If the people will tolerate these indefinitely and go back to their usual avocations and pursue them industriously as of yore and in good faith endeavor to bear their burdens they will the sooner, as advised, reach a degree of restoration and content.

AS TO THAT OLD STORY

IT wouldn't occur to you that the flourishing village of New Boston is bigger than a state, bigger than the nation. Of course, not. Well, it is, at least it overrides both in its own processes and that is just the same as being bigger.

This is now it happens. The constitution says a state shall be sovereign and inviolate in its own boundaries and the processes of no other state shall run therein without its first give consent. For instance, officers of one state may pursue a criminal in another state, but they can't arrest him and take him back to the scene of his crime, unless first thereto authorized by the state to be entered upon. Little things like that do not bother New Boston a bit—its minions of its own law just pursue the thief or whatever he may be and in their own good time capture him and throw him into the calaboose. Instance what they did the board jumper, who hot-footed from them far out into the deeps of the Ohio river. That didn't faze them a second. They waded right in, hooked their man and in due course had him "in duance vile."

Now, that was against the constitution of the United States and the sovereign statutes of the state of Kentucky. For the Ohio river is in Kentucky. Her jurisdiction does not run to the south side of the stream, but to its north, and the moment you launch out into the water from this side, the north, you are in Kentucky.

No Ohio officer can make an arrest on the river for that reason, but there was the Irishman in jail that couldn't be put there by the law, so greater than the bloody British constable, who put him there are the New Boston sleuths, who put their man there. Their motto is: No constitution, no laws, no boundaries when it comes to catching a criminal—catch him.

THE BASIS OF THE FUTURE

MANY persons are deferring building a house because, as they say, "prices are too high." Prices are relative, those on one thing to another, not with times that are gone. Contrasted with quotations of ten or even five years ago things are indisputably high, but that does not necessarily mean they are high in the present. It is a question of the proportion one commodity bears to another. Labor is high, farm products are high. There we have the basis of the present. It is not among apparent present probabilities that either will suffer an accentuated decline in years to come. If labor went down products went down, labor would also, because both, to a certain extent are standards in fixing values. Both promise to maintain unwavering stability over a long term because both are in demand, with the indications of the demand growing more insistent. The world has not only got to be fed, it has to be restored to a stronger physical condition, that means more call for food; the world has got to be rebuilt—mark you that, rebuilt—that is the summons for more labor.

Nothing appears but henceforth we must operate on a new basis, the sooner we adapt our understanding and our actions to this, the better it will be for ourselves and all.

ONLY NEED TO USE IT

TRACY park isn't a bit like it was a week ago, that is things about the park are not at all the same as they were after dusk. The police have taken a hand and in almost the twinkling of an eye caused a clean up. No longer is it the meeting place of the joy riders and clandestine couples.

Truth to say the park has been made decent in so far as some former practices about it are concerned. And there is a lesson in this: A good law can be enforced and decency and order compelled. All that is necessary is for authority to make a firm display of its hand and the offenders scatter like a flock of sparrows before a street car.

Leads In W. S. S. Sales ; Gets German Helmet

The leading War Savings Stamps salesman among the mail carriers of Scioto county during the last four weeks was H. C. Muddison of Portsmouth. His sales for the period totaled \$1,185.

For topping the list in this county he has been awarded a genuine German helmet captured by American doughboys when the

Hindenburg line was broken. Helmets were awarded to 2 Ohio carriers for their excellent War Stamp sales record during the last month.

Mail carriers all over Ohio are contesting for trips to Madeline to be awarded by the Ohio War Savings committee to the carriers in each county who sell the most War Stamps prior to August 2.

THE WISHING PLANE

When the children awoke in the airplane the next morning and gazed out of the windows they saw a country of nothing but mountains and valleys. A great river ran down through the center of the country, great forests lined the river and mountains towered so high that it seemed as if the airplane might hit the peak of one of them any time.

Now and then on the top of one of these mountains the children could see a large castle. They were trying to figure out which one might be King Charles' when Ladydear told them that it was still many miles away, but they would have to hurry and dress to be ready when the airplane landed.

They could hardly tear themselves away from the windows, so wonderful did everything seem, but they realized that they couldn't go anywhere in their pajamas and they didn't want to take the time to dress after the airplane landed, so they climbed into their clothes.

Very soon one of them noticed that the airplane was gliding rapidly down to the side of one of the mountains and, under Captain Brave's expert hand, it landed on an immense level lawn which formed part of the grounds around a castle larger than any the children had seen on the way.

Several men in uniform and carrying guns rushed up to the airplane and demanded to know why Captain Brave had landed there and who he was.

When they found out who he was, however, they treated all the folk very courteously and while some of them helped Ladydear and the children to alight from the plane one of the guards hurried to the castle to announce their arrival.

Jack and Jane were wondering whether or not they would feel as free to talk to King Charles and Queen May as they did to both of them when the royal couple was in the castle. The question was settled for them, though, when the king and queen met them coming up the path-way to the castle. The king and queen shook hands with Captain Brave and Ladydear. The queen gave Jane a big hug and a kiss while the king swung Jack high in the air and said, "How is the little man getting along?"

When Ladydear told them about leaving they soon made her feel just as welcome as the rest of them.

"It is mighty glad if someone in our little country could help find your mother and father," said the king.

On the way to the castle King Charles explained the source of the plot against his life and the plan to keep him from becoming king, and that when the facts were made public the good people of the country saw to it that the conspirators were imprisoned and the prince called back to take the throne.

"While they call me king, I have arranged everything so that the people really elect the men who have charge of conducting the government," said King Charles.

"My only desire is to see that the people live contentedly and happily."

"The people could not understand when Queen May and I returned why we did not surround ourselves with a large body of servants, and men and ladies-in-waiting, and assist a regiment of soldiers to accompany us wherever we went, to add dignity to our presence. But we had learned during our long exile that the real danger of a king's life lies as they do. We have just enough servants around to take care of the castle and keep out prowlers."

By this time the party had reached the castle and the children were wondering what they would see inside.

NEW-YORK-DAY-BY-DAY
O-O-MENTYRE.

New York July 2—

I have a friend.

Who thinks everglory.

In America knows up.

And when I'm with him.

He will introduce me.

To some of his friends.

And say "This is McIntyre."

"You know—writes for the papers."

And being truthful.

They will always say.

They never heard of me.

And I will shift.

Around on one foot.

And then on the other.

But the other day.

When I was with him.

I got a real job.

He introduced me.

In the same old way.

And the fellow said.

"Sure I know McIntyre."

"He is the fellow."

"That Albert Eytson Terhuna."

"Named a dog after."

And it seems.

That this fellow does.

Which bears my name.

Has won all the prizes.

At the big dog shows.

And is rewarded.

At the American Kennel Club.

Under my name.

And now everglory.

From coast to coast.

Knows the dog.

With my name.

And I'm getting famous.

And everything.

After all.

There are only a few.

Of us famous dogs.

With dog press agents.

But there is one fellow.

Whose disposition.

I would hate to own.

He is that jealous.

He wrote to Mr. Terhuna.

He said for Heaven's sake.

Not to let McIntyre.

Substitute for the dog.

At any dog shows.

That I only had.

One boss.

Was ple footed.

Knee sprung.

And full of adenoids.

IN THE DAYS NEWS

OLINTHO DE MAGALHAES

Olynto De Magalhaes, Brazilian minister in Paris, has during a diplomatic career of over twenty years established a reputation as an unusually progressive and far-sighted statesman. His first great success was in the negotiations with Bolivia over the "Bolivian Syndicate," to which Bolivia had granted concessions in territory claimed by Brazil. He succeeded in establishing the justice of his country's demands, and thanks to his efforts Brazil subsequently obtained adequate compensation.

He followed up this achievement by promoting, as minister for foreign affairs, a rapprochement between Brazil and Argentina, and brought about an exchange of visits between the presidents of the two republics, an event without precedent. He further strengthened Brazil's position by obtaining the signature of a treaty of general arbitration with Chile.

"Thanks to Senhor de Magalhaes' far-sighted and conciliatory policy, a foundation has been laid in South America for the establishment of an international estante."

The Spring That Comes To Flanders

The spring that comes to Flanders
Goes by on silent feet,
Lest they should wake, remembering
How once the spring was sweet.

And streams that flow in Flanders
Past poppy-field and hill
Are silver streams and shining,
But thoughtful streams and still.

The wind that blows in Flanders
Across the listening air,
Is gentle with the grasses
That bend above them there—
And calm that falls in Flanders
Is tender as a prayer.

—David Morton, in Good Housekeeping.

Not Love

"No, Herbert," said she in a low tone, "it is impossible. I fear to trust my future with you." "And why?" "I have watched your conduct closely. It lacks the mark of such devotion as we seek." "Do I not come to see you four nights in the week?" "Yes, but I have detected a calculating selfishness in your nature which I fear." "What do you mean?" "You have never yet failed to leave in time to catch the last bus." "But that is only common sense." "I know it, Herbert, and therefore it is not love."

Only Way

A certain judge could not control his temper, and consequently could not control other people. One day there was unusual disorder in court, and at last the judge could endure it no longer. "It is impossible to allow this persistent contempt of court to go on," he said. "And I shall be forced to go to the extreme length of taking the one step that will stop it." There was a long silence, then one of the leading counsel rose, and with just a trace of a smile, inquired: "If it pleases your honor, from what date will your resignation take effect?"

Leave It To Mark!

We stood the other day in the Art Museum in front of Turner's famous "Slave ship." "Some picture!" remarked a chap who ambled along. "Some picture!" we admitted. "On the whole, though, I think Mark Twain was right about it." "And what did Mark say?" "Mark said it looked to him like a torse shell cut back a fit in platter of stewed tomatoes."

MECHANICS NEEDED

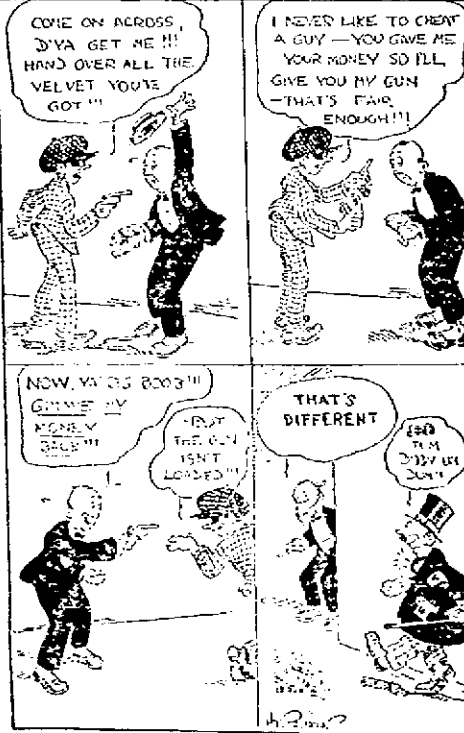

The Aviation Section of the Marine Corps is urgently in need of four-year enlisted men for gas engine mechanics, machine shop mechanics, electricians, wire workers, wood workers, welders, blacksmiths, etc.

Men of good character and mechanically inclined are satisfactory. These men will be sent through the regular navy mechanics' school at Great Lakes, Ill., and receive a thorough education in all parts of the above trades. They will be sent to the flying stations and receive a thorough practical training in mechanical work. This is a wonderful opportunity for young men to learn a profitable trade at the expense of the government. A majority of men on aviation duty are non-commissioned officers and most of these receive in addition to their regular pay, 50 percent increase. Mechanics who entered the Marine Corps Aviation at the beginning of the war with qualifications allowing them to earn only \$2 or \$3 per day in civil life, are now expert mechanics and are securing, upon discharge, positions paying \$10 and \$12 per day.

BRITISH DIRIGIBLE STARTS TRIP ACROSS ATLANTIC TO AMERICA

Huge Aircraft Making Good Time On Trip

EAST FORTUNE, July 2.—The British dirigible R-31 started on her long, heralded trip to America this morning with very little more of ceremony than that which attended the departure of dirigibles for their monstrous North Sea patrol during the war. Shortly before the first streak of dawn broke over the plains near here, the great airship was quietly taken out of its moorings and turned around until her nose was pointed straight west. The command "Hands off" was given and the huge envelope quickly rose. Before the height of 500 feet was reached, she was lost to view in the mist.

LONDON, July 2.—The position of the R-31 at 8 o'clock this morning Greenwich time, was 55 degrees 20 minutes north latitude and 10 degrees 40 minutes west longitude (about 325 miles east of Ireland), according to a wireless dispatch from the aircraft received by the air ministry this morning. The R-31 was then making 40 knots an hour. Up to that hour she had maintained an average speed of 35 knots an hour.

A wireless dispatch from Major Scott at 10:15 o'clock this morning stated that the R-31 was passing through a thick fog but everything on board was going well.

LONDON, July 2.—The British dirigible R-31, which left East Fortune, Scotland, at 1:15 o'clock, Greenwich mean time, this morning, had reached 50 degrees 2 minutes north latitude, 11 degrees 50 minutes west longitude at 12 o'clock Greenwich time (8 o'clock New York time), in her attempt to cross the Atlantic.

MINNEAPOLIS, N. Y., July 2.—Lieutenant Colonel Frederick W. Lucas, of the royal air force, one of the advance party here arranging for the reception of the British dirigible now en route to Long Island from Scotland, said early today that he was without services as to the time the giant airship might be expected to arrive. He was inclined to believe, however, that it would not be before late Friday.

Everything is in readiness to receive the craft at Roosevelt Field, where she will be met while waiting to put back immediately to Long Island. Three special wireless stations constructed at the field for connection with the flight will be turned up to catch the first message from the dirigible. Officers expect communication will be established when she comes within 200 miles of the coast.

It is expected the landing will not be made until after dusk in order to permit the big gas bag to cool and its contents to contract, thus decreasing the lifting tendency of a dirigible lightened by a long flight. More than one thousand members of special balloon companies contributed by American army and navy authorities will be on the field to assist in making the giant air liner fast to its moorings.

The grounds will be policed by more than one thousand protest guards and visitors without passes will be barred from approaching the airship. Special grandstands, however, have been provided for guests, who will include army and navy officers of high rank and the general public will be permitted to watch the landing outside the line of guard.

Indications today were that Long Island, once the scene for automobile enthusiasts who migrated annually here for the Vanderbilt cup races, will once again experience an equally great invasion. Hotels near the New York district are receiving numerous applications for reservations indicating that aviation "fans" intend "camping on the spot" to await the airship's arrival.

On Vacation.—Captain "Pete" Flowers of the police force has started on his ten days' vacation. Officer John Lewis has returned to his beat after enjoying his annual vacation. James O'Leary is working as relief officer during the vacation period.

Insurrection Is Growing In Greater Berlin

BERLIN, Tuesday, July 1.—(By the A. P.)—The communistic heaven has again arrived at the fermenting stage in Greater Berlin, and there are indications that the strike movement may develop into a political insurrection. The rumor and talk with which the Independent Socialists and their communist lieutenants are playing their cards shows they feel more sure of their footing than during the March revolt.

Forest Fires Menace Many Small Towns

SAULT STE MARIE, MICH., July 2.—Reports from the territory extending 10 miles westward from here over which forest fires were sweeping yesterday and last night, indicated early today that shifting winds were aiding the fire fighters and that Trout Lake, Pacon, Sney and other menaced villages may be saved from destruction.

Forest rangers and villagers were still battling with the flames which spread rapidly over large areas of Chippewa, Lake, School, Craft and Marquette counties, owing to the prolonged drought.

Although the fire reached the outskirts of Trout Lake and Sney, a messenger from Newberry says the sudden veering of the wind diverted the flames to cut-over land and removed these places from immediate danger. Sney was likewise saved from destruction after the populace had fled from the town.

Communication with Gilchrist, Johnsonburg, Oark, Strong and Brimley was still interrupted early today and no word has been received from these

Russia Warned By U. S.

WASHINGTON, July 2.—The Russian Soviet government was warned by the United States today in a message sent through the American legation at Stockholm, that reprisals against American citizens in Russia would arouse intense sentiment in the United States against the Soviet heads.

The warning was contained in a cablegram sent by Acting Secretary of State Phillips in reply to a protest of Soviet foreign minister Teltchevich against the reported arrest of Look in Martens, the Soviet representative in New York.

Three Turk Armies Worry Peace Envoys

PARIS, July 2.—(By the Associated Press)—The Turkish situation is giving the peace conference much uneasiness. Reports received here indicate that there have been organized in Asia-Turkey three Turkish armies whose generals refuse to obey orders from Constantinople. These armies are concentrated at Amasia, Balikesir and Konia. The Turks at Konia are threatening the Italians, while those at Balikesir are opposing the Greeks.

CALM SEAS FOR WILSON ON TRIP

WASHINGTON, Tuesday, July 1.—(By the Associated Press)—The presidential voyage continues under most favorable conditions, with calm seas and mild, sunny weather. Mr. Wilson has done some work on his message to congress, in which he will submit the treaties, protocols and general results achieved at the Paris conference, but on advice of Rear Admiral Cary T. Grayson, his physician, the president is giving considerable time to rest and recuperation, after the strenuous days he has just left behind, and for those through which he soon must pass.

CONGRESS VOTES FUNDS AND THEN ADJOURNS UNTIL NEXT WEEK

WASHINGTON, D. C., July 2.—At 11 o'clock, both branches adjourned until Tuesday, July 8. At that time the president is expected to present the treaty of peace with Germany and while the senate is debating that document the house will resume consideration of prohibition enforcement legislation.

Visits On West Side.—Fred Meyers of Second street spent Tuesday with friends on the West Side.

Tire And Rim Stolen.—An extra tire and rim were stolen from Otto Carpenter's automobile last night. He is employed in the Lyric theatre. The police were notified.

Mrs. Lora Gaele, of the West Side, who was recently operated upon in Hopstead hospital, is improving steadily.

high class baseball. It is quite likely that Joe Carr, former president of the Ohio State League and who recommended the Athletics for the franchise, will be in town on Saturday. If no luck is sure to run down for Sunday's game, for the former chief executive of the O. S. L. never ceases an opportunity to spend a few hours with the fans of Portsmouth. When Joe Carr says a thing you can bet your last dollar that it is all work and no play. He is the person who coached the fastest team in the city of Columbus and his opinion was shared by "Doc" Plummer who spent Sunday here and who stated that Portsmouth was represented by one of the fastest semi-pro teams he ever sawed upon. These two fans, Messrs. Carr and Plummer, are anxious that Portsmouth be located at Milbrook for the first and only game and will give the fans a

big game of dangerous hitters. In the long run, he has saddened the hearts of Portsmouth fans on more than one occasion and is quite likely to do some fall slugging at Milbrook on his coming visit. Francisco is a catcher to be feared and a demon on the base path. While playing against Portsmouth, Nick had the misfortune to break his leg and he is now in bed and has no chance to play any more that year. In the next season came to Portsmouth and did practically all the base stealing. He is still full of fire and youth and a great favorite here. It is sure to be given the old hand who has steps to the plate in the uniform of the enemy.

If it is quite likely that returns for the big fight will begin coming in early in 2 o'clock. Manager Gable has made arrangements to get a

3,000 FANS FROM NEW YORK WILL WITNESS BIG BATTLE

NEW YORK, July 2—More than three thousand fight fans will go from New York to see the Willard-Hempsey bout, according to estimates compiled from railroad ticket offices.

The largest crowd for Toledo will be on Aug. Thursday when it is expected that at least two thousand New Yorkers will leave here to see the bout. Besides the number who are traveling to the fight by railroads, more than five hundred automobiles are estimated to leave for New York and vicinity to carry spectators to the fight.

Several reproductions of the fight will be staged in New York by fighters who will follow the boys of the bout as they are telegraphed to the boxing side.

Reds Play Cardinals

Branch Rickey's St. Louis Cardinals will play two games in Cincinnati on the Fourth. Many local fans will enjoy these battles on the diamond. It is the first time in years that the Reds will be home on the Fourth.
